

RangeFinder lists standard cases for the most popular radios including...

RangeFinder

Finding the right Peter Jones case... made easy

SRP8010, SRP8020 (incl 8021), SRP8030 (incl 8031) illustrated
SRP9120/9130 Cases are available in all of our standard RangeFinder categories

A P3 rating means no compromise cases for the toughest working environments. Cases rated for P3 use are all hand-made using the finest leathers to give unparalleled durability & performance.

P2, the workhorse of the range. Tough, firm leather cases built to survive the rigours of industrial environments.

Our P1 rating applies to soft leather cases for stylish day-long comfort in environments such as offices, shops and warehouses.

P3LF

Best quality firm leather case with fully removable leather flap, press-studded belt loop and twin D-rings

P2PV

Firm leather case with fixed PVC flap, press-studded leather belt loop and twin D-rings

P1PO

Elastic sided case in water repellent medium-soft leather now with leather covered metal belt clip and twin D-rings

How to order: To generate an order code, simply specify your radio's part number (eg **SRP8010**) and add the required case's part number (eg **P3PV**) to make, in this example, **SPR8010/P3PV**.

N.B. Add KF to the end of the order code to replace the belt attachment with a Klick Fast connector, at an extra cost. Please specify size of Belt Dock required.

Team Simoco

TSP2100/2400

HeavyDuty

P2, the workhorse of the range. Tough, firm leather cases built to survive the rigours of industrial environments.

Our new production facilities mean that P2 rated cases combine Peter Jones quality with **unbeatable prices**.

P2LRF

Firm leather case with leather retaining flap, press-studded leather belt loop and twin D-rings

LightUsage

Our P1 rating applies to soft leather cases for stylish day-long comfort in environments such as offices, shops and warehouses. Their low price doesn't mean that their quality has been compromised however, these are genuine Peter Jones cases after all.

P1FE

Medium soft leather case with press-studded side opening, leather covered metal belt clip and twin D-rings

P1PO

Elastic sided case in water repellent medium-soft leather with leather covered metal belt clip and twin D-rings

P1RG

Elastic sided case in nylon lined soft leather with leather covered metal belt clip and twin D-rings

How to order: To generate an order code, simply specify your radio's part number (eg **TSP2100**) and add the required case's part number (eg **P3PV**) to make, in this example, **TSP2100/P3PV**.

N.B. Add KF to the end of the order code to replace the belt attachment with a Klick Fast connector, at an extra cost. Please specify size of Belt Dock required.
